Henry Wang

Sunnyvale, CA | (408) 386-5573 | contact@henrywa.ng | GitHub | LinkedIn

EDUCATION

UC RIVERSIDE   *Riverside, CA*
BS in Computer Science   *Sep 2024 – Present*
- Current GPA: 3.92/4.0; Enrolled in Math 010B and CS 010B
- Helped develop the UCR Quant Club and UCR 3D Club website as a member of ACM Spark

HOMESTEAD HIGH SCHOOL   *Cupertino, CA*
Student   *Aug 2020 – Jun 2024*
- Relevant Coursework: AP Calculus BC (5), AP Computer Science A (5), AP Statistics (4)
- Varsity Wrestler, Programming Club Member, Volunteer Tutor, Elective In-Class Tutor
- Proposed cybersecurity improvements to FUHSD, leading to added safety and faculty education

EXPERIENCE

FREELANCE WEB DEVELOPER   *Jun 2022 – Sep 2024*
- Created websites for Bay Area realtors, delivering full-service solutions, including custom email, domain management, and SEO-optimized blogging
- Emphasized responsive, user-friendly interfaces, leading to increased traffic, improved client engagement, and a stronger online presence for each client

VIRTUAL ENTERPRISE CEO   *Aug 2023 – Jun 2024*
- Led a mock business team to Nationals, gaining practical insights from real investors and conducting field research to drive strategic planning and leadership
- Developed a custom questionnaire funnel (lune-ve on my GitHub) to categorize customers into personalized product bundles—our flagship product—using a point-based classification system and scoring algorithm, enhancing product recommendations and customer satisfaction

PROJECTS

PAULGRAHAM.CHAT   *Mar 2025 – Present*
- Created an AI version of Paul Graham by scraping his 200+ essays, embedding them into a vector database, and developing a chat interface, attracting 1,000+ unique visitors and earning 100% positive feedback from 10+ Reddit reviews within 24 hours of launch

DONKEYSPOTTER   *Jan 2025 – Present*
- Created an iOS app for Donkey sightings at UCR, featuring a live sighting map, user accounts, achievements, and an AI troubleshooting assistant to enhance community engagement
- Sustains 250+ active users, garnered 50,000+ views on the launch post via Reddit, regularly updated based on user feedback, and featured in *The Highlander*, UCR's student newspaper

NOTES.HENR.EE   *Sep 2024 – Dec 2024*
- Developed a simple, secure, and open-source paste bin, currently hosting over 200 pastes
- Implemented client-side encryption and an admin dashboard featuring data analytics and visualization, gaining experience in backend management and data security
